If you need the company ID or Username, you will fill in the required fields

- Last Name
- Last 4 Digits of SSN
- Confirm Last 4 Digits of SSN
- Home Zip Code
- Select method to recover (phone or email)
- Enter the correct phone number or email (whichever you have selected)
- Click the reCAPTCHA box stating you are not a robot
- Click Continue and follow prompts

If you have tried these options and still are unable to log in, contact an office administrator for assistance. Key things to remember: Always be sure you are updating your information (phone and email) when there are any changes and let the office know of the changes as well. If it does not match with what is in the system, you will not be able to retrieve the login information.
